RISK MANAGEMENT AND SAFETY FUND NOS. 666, 667, 668 & 672 ACCOUNT NOS. 0409, 0410, 0411, & 0412

DESCRIPTION

The City of Merced Risk Management and Safety program encompasses two operational divisions.

The Workers' Compensation Division administers the self-insured workers' compensation program, including preparation of reports for management, benefit approval and payment authorization, coordination with a third party workers' compensation administrator, and coordination with the City Attorney's office in litigated claims. The workers' compensation self-insurance retention is \$350,000.

The Liability Insurance Division provides a mechanism through which the City purchases general liability, property and fire, boiler and machinery, fidelity, Public Official bonds and airport liability. Expenses are allocated to departmental operating accounts and transferred into the liability insurance fund from which the expenses are paid. The general liability insurance is funded through the Central San Joaquin Valley Risk Management Authority (CSJVRMA). This is a risk sharing pool with a self-insurance retention of \$100,000 for general liability. City staff coordinates efforts with a third party administrator. Employment practices coverage is also available under the CSJVRMA through the Employment Risk Management Authority (ERMA) with a self-insurance retention of \$100,000. The commercial property, fire, and boiler and machinery coverage is purchased through the Alliant Property Insurance Program. The commercial property and fire carry a \$10,000 deductible, and the boiler and machinery has a \$2,500 deductible. The fidelity coverage (crime/dishonesty employee bond) has a \$1 million limit per loss with a \$5,000 deductible. The City's airport is fully insured for \$20 million combined single limit per aircraft/per occurrence, with no deductible.
