I. INTRODUCTION

City of Merced Community Facilities District No. 2003-2

On January 5, 2004, the City Council of the City of Merced (the “Council”) adopted Resolution No. 2004-3, which established the City of Merced Community Facilities District No. 2003-2 (Services) (“CFD No. 2003-2” or the “CFD”). A successful landowner election authorized the levy of a Mello-Roos special tax on property within CFD No. 2003-2. Special tax revenues will fund certain public services and maintenance for the residents of CFD No. 2003-2, including but not limited to, public safety services (e.g., police and fire protection), landscape maintenance, park and parkway maintenance, flood control services, and other services authorized pursuant to the Mello-Roos Community Facilities Act of 1982 (the “Act”), including costs of personnel and equipment replacement and maintenance. CFD No. 2003-2 is made up of 42 distinct Improvement Areas representing different development areas within the City. As of June 30, 2022, there have been 19 annexations to the CFD, and more Improvement Areas may annex to the CFD in the future.

The Mello-Roos Community Facilities Act of 1982

The California State Legislature (the “Legislature”) approved the Act that provides for the levy of a special tax within a defined geographic area, (i.e., a community facilities district), if such a levy is approved by two-thirds of the qualified electors in the area. Community facilities districts can generate funding for a broad range of facilities and eligible services. These services include police protection services, fire protection and suppression services, library services, recreation program services, maintenance of parks, parkways, and open space, flood and storm protection services, and road maintenance and street lighting. Special taxes can be allocated to property in any reasonable manner other than on an ad valorem basis.

II. PURPOSE OF REPORT

This CFD Tax Administration Report (the “Report”) presents findings from research and financial analysis performed by Goodwin Consulting Group, Inc. to determine the fiscal year 2022-23 special tax levy for CFD No. 2003-2. This Report is intended to provide information to interested parties regarding CFD No. 2003-2, including the special taxes to be levied in fiscal year 2022-23, the status of development within CFD No. 2003-2, and information regarding special tax delinquencies within CFD No. 2003-2.

The remainder of the Report is organized as follows:

- **Section III** identifies financial obligations of the CFD for fiscal year 2022-23.
- **Section IV** presents a summary of the special tax categories, the maximum special tax rates, and the special tax levy for fiscal year 2022-23.
- **Section V** provides an update of the development activity occurring within the CFD.
- **Section VI** provides information regarding special tax delinquencies in CFD No. 2003-2.
- **Section VII** provides information on the reporting requirements set forth in Senate Bill 165, the Local Agency Special Tax and Bond Accountability Act.
- **Section VIII** provides information on state reporting requirements.

III. FISCAL YEAR 2022-23 SPECIAL TAX REQUIREMENT

Pursuant to the Rate and Method of Apportionment of Special Tax (the “RMA”), which was adopted as an exhibit to the Resolution of Formation of CFD No. 2003-2, the Special Tax Requirement means the amount necessary in any fiscal year to (i) pay the cost of services, (ii) create a sinking fund for services that could not otherwise be funded in a given fiscal year, (iii) cure any delinquencies in the payment of special taxes which have occurred in the prior fiscal year or, based on existing delinquencies in the payment of special taxes, are expected to occur in the fiscal year in which the tax will be collected, and (iv) pay administrative expenses. A separate Special Tax Requirement is calculated for each of the 42 Improvement Areas that make up CFD No. 2003-2. The fiscal year 2022-23 Special Tax Requirement for each Improvement Area is shown in the table on the following page, and a more detailed breakdown of each Improvement Area’s Special Tax Requirement is provided in Appendix B.

IV. FISCAL YEAR 2022-23 SPECIAL TAX LEVY

Special Tax Categories

Special taxes within CFD No. 2003-2 are levied pursuant to the methodology set forth in the RMA. The RMA establishes specific special tax categories of Developed Property, namely Single Family Residential Property, Multi-Family Residential Property, Retail Property, Office Property, Industrial Property, and Other Property, against which the special tax can be levied each fiscal year. Developed Property is defined, in any given fiscal year, as property for which a building permit for new construction was issued by the City prior to May 1 of the preceding fiscal year. *[All capitalized terms are defined in the RMA in Appendix E.]*

- Single Family Residential Property is defined as Developed Property for which a building permit was issued for construction of: (i) a Unit that does not share a common wall with another Unit; or (ii) two or more Units that share common walls and are initially offered for sale to individual owners, including condominiums as defined under California Civil Code 1351. A Unit is defined as a structure constructed primarily for human habitation, which may be an individual detached residential unit, and individual attached residential unit within a duplex, triplex, fourplex, townhome, or condominium structure, or an individual apartment unit.
- Multi-Family Residential Property is defined as Developed Property for which a building permit was issued for construction of a residential structure with multiple Units, all of which are offered for rent to the general public and are not available for sale to individual owners.
- Retail Property is defined as Developed Property for which a building permit was issued for construction of a building that will include primarily commercial establishments which sell general merchandise, hard goods, personal services, and other items directly to consumers, including, but not limited to travel agencies, hardware stores, food stores, automotive dealers, service stations, home furnishing stores, restaurants, bars, banks, repair shops, movie theaters, day care centers, and art galleries, as determined by the Administrator using reasonable and established City zoning and other land use standards.
- Office Property is defined as Developed Property for which a building permit was issued for construction of a building that will be divided primarily into individual offices (including cubicles or other modular office space) for use by companies to conduct business, as determined by the Administrator using reasonable and established City zoning and other land use standards.
- Industrial Property is defined as Developed Property for which a building permit was issued for construction of a building that will be used primarily for warehousing, distribution, manufacturing, processing, or related activities, as determined by the Administrator using reasonable and established City zoning and other land use standards.

- Other Property is defined as Developed Property that is not one of the other five property categories listed above for all Improvement Areas except Improvement Area #31. All Developed Property within Improvement Area #31 shall be categorized as Other Property.

Maximum Special Tax

The maximum special tax for each Improvement Area is determined in accordance with Section C of the RMA and can be levied on Developed Property in any fiscal year. Pursuant to the RMA, the maximum special tax rates escalate every January by the average annual percentage increase, if any, in the Consumer Price Index for the San Francisco All Urban Wage Earners Category and the National Consumer Price Index. This increase shall take effect on July 1 of the following fiscal year.

The fiscal year 2022-23 maximum special tax rates applicable to each Improvement Area are shown in the table on the following page.

Total Special Tax Levy

In order to meet each Improvement Area's Special Tax Requirement for fiscal year 2022-23, the maximum special tax was levied on each parcel of taxable property in all Improvement Areas. The table below provides a summary of the number of residential Units and non-residential square feet that is subject to the fiscal year 2022-23 special tax levy for each Improvement Area. The total amount of special taxes levied in each Improvement Area, which is equal to the Special Tax Requirement for any given Improvement Area, is also shown in the table on the following page. A summary of the taxes levied for fiscal year 2022-23 for all tax categories and Improvement Areas is shown in Appendix A of this report and the CFD tax roll, which identifies the CFD special tax to be levied against each taxable parcel in the CFD for fiscal year 2022-23, is provided in Appendix C.

A breakdown of the special tax delinquencies for each Improvement Area in CFD No. 2003-2 as of July 28, 2022, is provided in Appendix D.

VII. SENATE BILL 165 REPORTING REQUIREMENTS

On September 18, 2000, former Governor Gray Davis approved Senate Bill 165 which enacted the Local Agency Special Tax and Bond Accountability Act. In approving the bill, the Legislature declared that local agencies need to demonstrate to the voters that special taxes and bond proceeds are being spent on the facilities and services for which they were intended. To further this objective, the Legislature added Section 50075.3 to the California Government Code setting forth annual reporting requirements relative to special taxes collected by a local public agency. Pursuant to Section 50075.3, the chief fiscal officer of the public agency will, by January 1, 2002, and at least once a year thereafter, file a report with the governing body setting forth the information below.

Section 50075.3

Item (a): Identify the amount of special taxes that have been collected and expended.

Fiscal Year 2021-22 Revenues*

Charges for Services	\$4,915,376
Investment Earnings	(\$198,482)

Item (b): Identify the status of any project required or authorized to be funded by the special taxes.

The authorized services to be funded from special taxes include, but are not limited to, public safety services, landscape, sidewalk, park, and parkway maintenance, flood control services, and other services authorized pursuant to the Act and the City's Municipal Code. The special taxes are levied each fiscal year to fund the authorized services as well as administrative expenses associated with administering CFD No. 2003-2.

VIII. STATE REPORTING REQUIREMENTS

Assembly Bill No. 1666

On July 25, 2016, Governor Jerry Brown signed Assembly Bill No. 1666, adding Section 53343.2 to the California Government Code (“GC”). The bill enhances the transparency of community facilities districts by requiring that certain reports be accessible on a local agency’s web site. Pursuant to Section 53343.2, a local agency that has a web site shall, within seven months after the last day of each fiscal year of the district, display prominently on its web site the following information:

Item (a): A copy of an annual report, if requested, pursuant to GC Section 53343.1. The report required by Section 53343.1 includes CFD budgetary information for the prior fiscal year and is only prepared by a community facilities district at the request of a person who resides in or owns property in the community facilities district. If the annual report has not been requested to be prepared, then a posting to the web site would not be necessary.

Item (b): A copy of the report provided to the California Debt and Investment Advisory Commission (“CDIAC”) pursuant to GC Section 53359.5. Under Section 53359.5, local agencies must provide CDIAC with the following: (i) notice of proposed sale of bonds; (ii) annual reports on the fiscal status of bonded districts; and (iii) notice of any failure to pay debt service on bonds, or of any draw on a reserve fund to pay debt service on bonds.

Item (c): A copy of the report provided to the State Controller’s Office pursuant to GC Section 12463.2. This section refers to the parcel tax portion of a local agency’s Financial Transactions Report that is prepared for the State Controller’s Office annually. Note that school districts are not subject to the reporting required by GC Section 12463.2.

Assembly Bill No. 1483

On October 9, 2019, Governor Gavin Newsom signed Assembly Bill No. 1483, adding Section 65940.1 to the California Government Code. The law requires that a city, county, or special district that has an internet website, maintain on its website a current schedule of fees, exactions, and affordability requirements imposed by the public agency on all housing development projects. Pursuant to Section 65940.1, the definition of an exaction includes a special tax levied pursuant to the Mello-Roos Community Facilities Act.

Assembly Bill No. 1483 defines a housing development project as consisting of (a) residential units only; or (b) mixed-use developments consisting of residential and non-residential land uses with at least two-thirds of the square footage designated for residential use; or (c) transitional housing or supportive housing. Assembly Bill No. 1483 also requires a city, county, or special district to update this information on their website within 30 days of any changes made to the information.

Senate Bill No. 165

On September 18, 2000, former Governor Gray Davis signed Senate Bill 165 which enacted the Local Agency Special Tax and Bond Accountability Act. In approving the bill, the Legislature declared that local agencies need to demonstrate to the voters that special taxes and bond proceeds are being spent on the facilities and services for which they were intended. To further this objective, the Legislature added Sections 50075.3 and 53411 to the California Government Code setting forth annual reporting requirements relative to special taxes collected and bonds issued by a local public agency. Pursuant to the Sections 50075.3 and 53411, the “chief fiscal officer” of the public agency will, by January 1, 2002, and at least once a year thereafter, file a report with the City setting forth (i) the amount of special taxes that have been collected and expended; (ii) the status of any project required or authorized to be funded by the special taxes; (iii) if bonds have been issued, the amount of bonds that have been collected and expended; and (iv) if bonds have been issued, the status of any project required or authorized to be funded from bond proceeds.

- (1) Per the Merced County Auditor's office, the charge for placing assessment on the tax roll is \$50.00 per Fund Number plus \$0.35 per parcel.
- (2) Adjustment Credit contributed from Cash Reserve.
- (3) Adjustment Debit contributed to Cash Reserve.
- (4) The difference is due to estimated number of parcel used for budget and the actual number of parcels levied at County for FY 2022-2023

¹ Subject to annual escalation as described in Section C.47 below.

47. Special Tax Increases

In January 2004, and each January thereafter, all figures shown in Tables 1 through 15 above shall be adjusted by applying the Average Increase, if any, in the Indices. Each annual adjustment of the Maximum Special Tax shall become effective on the subsequent July 1.

In January 2006, and each January thereafter, all figures shown in Tables 16 through 46 above shall be adjusted by applying the Average Increase, if any, in the Indices. Each annual adjustment of the Maximum Special Tax shall become effective on the subsequent July 1.

SECTION D. METHOD OF LEVY

Each Fiscal Year, the Special Tax shall be levied on all Assessor Parcels of Developed Property, separately for each Improvement Area, according to the steps outlined below.

Step 1: Determine for an Improvement Area the Special Tax Requirement, as defined in Section A above, for the Fiscal Year in which the Special Tax will be collected;

Step 2: Calculate the total Special Tax revenues that could be collected from Developed Property in the Improvement Area based on application of the Maximum Special Tax rates determined pursuant to Section C above;

Step 3: If the amount determined in Step 1 is greater than or equal to the amount calculated in Step 2, levy the Maximum Special Tax on all Assessor Parcels of Developed Property in the Improvement Area;

Step 4: If the amount determined in Step 1 is less than the amount calculated in Step 2, levy the Special Tax Proportionately on each Assessor Parcel of Developed Property in the Improvement Area so the amount of the Special Tax levy equals the Special Tax Requirement for that Fiscal Year.

SECTION E. COLLECTION

Except as may be provided by the CFD or the City, and for delinquencies, the Special Taxes shall be collected in the same manner and at the same time as ordinary ad valorem property taxes. The Special Tax obligation applicable to an Assessor Parcel in the CFD may not be prepaid and the obligation of the Assessor Parcel to pay the Special Tax may not be permanently satisfied.

For the portion of Improvement Area #22 that was annexed into the CFD pursuant to Annexation #16, the Special Tax levy shall commence in Fiscal Year 2020-21 and for such Fiscal Year shall be based on the building permits issued by the City as of May 1, 2020.

SECTION F. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method, no Special Tax shall be levied on Public Property, except as otherwise provided in the Act.

No Special Tax shall be levied on the portion of an Assessor Parcel that constitutes Lower Income Household Welfare Exemption Property; provided, however, that if, in any Fiscal Year, applicable law does not require that Lower Income Household Welfare Exemption Property be exempt from some portion, or all, of the Special Tax, such portion, or all, of the Special Tax shall be levied on such property in accordance with this Rate and Method based on the type of property to which the Assessor Parcel is assigned.

SECTION G. INTERPRETATION

The Administrator may interpret this Rate and Method as necessary to clarify any inconsistency, vagueness, or ambiguity.

SECTION H. APPEALS

Appeals of any claim of incorrect computation of Special Tax or application of this Rate and Method may be made by the owner of an Assessor Parcel or such owner's duly-authorized representative by filing a written notice of appeal with the Administrator not later than thirty (30) days after having paid the disputed Special Tax. The Administrator shall promptly review the appeal and, if necessary, meet with the property owner (or representative), consider written and oral evidence regarding the amount of the Special Tax, and decide the appeal. If the property owner disagrees with the Administrator's decision, the owner may then file a written appeal with the Council, whose decision shall be final. If the decision of the Administrator or the Council requires the Special Tax to be modified or changed in favor of the property owner, no cash refund shall be made for prior years' Special Tax levies, but an adjustment shall be made to the next Special Tax levy(ies) as appropriate. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to filing any legal action by such owner.
