City Attorney, Mr Cornwell, City Manager, Mr. McBride

You guys really need to consult the brown act before you allow the City Council to change C1 to require two City Council members to put an item on future agenda. They may be getting into denial of freedom of speech areas. Making it nearly impossible for a single member of the community to get an item put on the agenda. Please note the last sentence, "a member of the legislative body." meaning one member. You need to make sure the public knows what is going to be required of them and in simple terms.

The brown act was written to prevent them from doing exactly what they're doing.

Looking forward to your comments Monday night on this item and how it is legal to violate the brown act with no consequences.

So if a hundred people want to get an item and put on the agenda and they can only get one City Council member to support it, because of personal bias, it won't happen. That sounds like a good idea.

In order for this to work City Council members will have to meet secretly and privately to discuss City business of putting an item on the agenda. That in itself is a violation of the brown act. It appears you don't care about the law.

"Brown act

Section 54954.2

(3) No action or discussion shall be undertaken on any item not appearing on the posted agenda, except that members of a legislative body or its staff may briefly respond to statements made or questions posed by persons exercising

their public testimony rights under Section 54954.3. In addition, on their own initiative or in response to questions posed by the public, a member of a legislative body or its staff may ask a question for clarification, make a brief announcement, or make a brief report on their own activities. Furthermore, a member of a legislative body, or the body itself, subject to rules or procedures of the legislative body, may provide a reference to staff or other resources for factual information, request staff to report back to the body at a subsequent meeting concerning any matter, or take action to direct staff to place a matter of business on a future agenda."

Thank you
Jeffrey Carter

Date: Thursday, March 27, 2025 12:40:26 PM

Good afternoon,

Excuse my Concern strange a vehicle
Parks behind me arrived at bit ago

On a phone say I have someone !

Why because retired Educator of 46yrs in this town has a newly wed motorhome purchase out of state with New Mexico license plate? Recommend some respect as dignity who is that security to call an alarm me.

Hello as a parent just fufilling my daughter's request for a ride
as gets her free fake phone, given out every three months on our tab mind you

This union representative is not a classified account desk clerk after 26yrs @ Merced City School District and 25yrs one school.

Frustrated with this terrible bully town.

Please speak those renting our town plaza space to hire real security.

Appreciate your attention to this matter !

Best Regard,
Angela Welch Lara

Subject: Add to next City agenda: profiling, wasting tax payers money, no Dr Spock Role Models to follow
Date: Thursday, March 27, 2025 3:31:31 PM

Greeting City Clerk,

Regarding workers with nothing to do except sit in vehicle and profile.

Just an FYI yesterday it was a white county worker truck mad because I refused to cross the street in front of him. Then proceeded to park a block over, sat and watched me as walked to visit a relative.

Plus as a Retiree on my Forced Free CRTA volunteer hours I shall continue to photograph as report those on our "Union Time Clock" that are wasting our tax payers money as our time; not doing their jobs.

Why only the prisoners that are forced to clean trash off the freeway, the one made to work; or just to showing off as if city is on the job ?

Merced looks like a disaster area with trash everywhere, an over grown jungle of weeds, tree limbs sit on vehicle hoods.

Plus town infested with the penal code ex. prisoners not send back of town of violation as homeless not sent so family can provide for them.

Remember we are called the "Gateway to Yosemite", and the w/ the "Medical School" of CSUM and Merced College students were "Promise the World !".

As a matter of fact as citizens, consumers and investors we are encouraged to attend your town council as school board meeting to help set an example, so family can become productive contributing members of society; after all it is a Participatory Universe.

Unfortunately many of you are destroying our town because you are lucky enough not to be forced to live here, and deal with eye sore or begging from those trying to make ends meet.

Hope you have a plan B just because they are forced out of town, it does not create a solution to the problem; nor are they to forced to become productive members of society.

Where shall your daughters learn home economics of "middle school" without a home ?

Disappointed in the city of Merced been here for 46 years, sad now I am being profiled because they as you get to be bullies on the union time clock.

Appreciate your attention to this matter !

Best Regards,

Angela Welch Lara

FYI that behavior is exactly like working for MCSD some principals with nothing to do but observe and spy around corners for 25 years.

Unfortunately our 3rd grade group also included a collapsed "Principal" that reminded us of all the rules, as if that was not bad enough.

Now feels like I am still on the job, being watched as they profile me is nerve racking.

Please address this concern.

Mary Anne MacLeod at Clydebank in Scotland in 1934

Mr Trump's mother became a US citizen in 1942 and died in 2000, aged 88.

But she returned to Lewis throughout her life and always spoke Gaelic, Mr MacIver says.

According to genealogist Bill Lawson, surnames are a relatively recent phenomenon on the islands and official records only go back to the early decades of the 19th Century.

His research took him back as far as John Roy MacLeod, which in Gaelic is Iain Ruaidh, named for a tendency to red hair.

Mary Anne Trump's paternal MacLeods came from Vatisker, a few miles further north of Tong.

Her great-grandfather Alexander Roy MacLeod and his son Malcolm were thought to have drowned together while fishing in the 1850s.

how did trump family...

Is Trump a German last name?

Trump is a surname of English and German origin: a German surname, possibly from a word for "drum". It is notable as the taken surname of Donald Trump who is the president of the United States. It has an older presence in the United States via the 18th-century Amish migration from the Palatinate to Pennsylvania.

6. Willis Stogden was born June 18, 1893 in Mesalero, Otero, New Mexico, and died October 5, 1972 in Roswell, Chaves, New Mexico. Willis was arrested for larceny of a swine, and pled guilty at his trial. On January 16, 1935, he was sentenced to a minimum of one year in prison, and a maximum of 18 months, and was also fined \$500. His occupation was listed as a railroad laborer. On his World War I draft registration card, he lists his race as Negro, and his occupation as a farm laborer. Willis married (1) Serapia Marrufo, and they had 5 (perhaps more) children. Willis married (2) Mary Gonzales, who was born October 1914, and they had 5 (perhaps more) children. WAR SERVICE OF MOTHERS

Do not neglect the care of the children but redouble your efforts in their behalf.
Stand by the boys in Army and Navy. Give them all the inspiration, all the love, all the cheer that is possible.
Save the babies.
Help the erring boys and girls. Stand by them. Work with it. Sacrifice, think, plan to be helpful wherever the way opens.
Remember that God rules the universe, that His Kingdom is an everlasting Kingdom and His dominion from everlasting to everlasting, that through tribulation and sorrow life's greatest lessons are learned.
Learn the lessons the war is teaching. Apply them to life—that children and children's children may not have to meet the same trials that have come this generation.

Our Union's Fight to Defend Public School Funding

Agreement reached with Gov. Newsom to protect Prop. 98 guaranteed school funds

By Julian Peeples

Our Students Deserve Fully Funded Schools!

Join the fight to protect education funding and defend our public schools from cuts that will hurt our students and communities. Go to cta.org/budget for ongoing updates and ways to share your voice with lawmakers.
"Tell legislators to value public schools and pass a budget that works now and in the future," Goldberg said. "Our students and communities are depending on us."

OUR UNION FOUGHT to defend guaranteed funding for public education and won — negotiating an agreement with Gov. Gavin Newsom in the State Budget to ensure that students, educators and families aren't impacted by cuts to the classroom this year while protecting future funding.
CTA mobilized in early May, following the release of the governor's revised proposed budget, which included approaches to close a deficit of approximately \$27.6 billion that would have reduced guaranteed education funding and violated voter-approved Proposition 98. In addition to television commercials and meeting with legislators to secure their support, CTA President David Goldberg held a press briefing in mid-May to explain the situation and underscore that CTA will do whatever it takes to protect guaranteed funding for our public schools.

Over Memorial Day weekend, our union reached an agreement with the governor that will protect education funding and uphold Prop. 98 while also not negatively impacting other areas of the budget, including health care and social services. The state will "suspend" the Prop. 98 requirement, paying schools less money in the short-term with the promise of paying the \$5.5 billion owed in future years.
"The agreement reached with the governor to protect public school funding is a critical step forward for California's schools and communities," Goldberg said. "As we grapple with a massive deficit in our state, we will continue to work

with allies to protect fundamental public services that our communities deserve. In the coming weeks, we will continue our advocacy with legislators along with our public campaign to protect public school funding in the state budget."
Gov. Newsom said the agreement protects students, families and educators, while putting the state on the fiscally sound and sustainable path.
"This agreement is a smart and balanced policy solution that incorporates feedback from California's educators," Newsom said.

The revised proposed public education budget includes:
Per Student Spending for TK-12 Education: TK-12 per-student funding totals \$17,502 Prop. 98 funding and \$23,878 when accounting for all funding sources.

Local Control Funding Formula (LCFF): A decrease of \$252 million for the LCFF for school districts and charter schools reflecting the updated 1.07% cost-of-living adjustment (COLA), revised estimates for transitional kindergarten expansion and increased offsetting revenue.
This brings total LCFF funding to \$17.5 billion.

100 Year Anniversary: Alice Piper JUNE 2

2024 marks the 100th year since the victory of the *Piper v. Big Pine* case at the California Supreme Court. Alice Piper was a 15-year-old Paiute girl residing in Big Pine, Inyo County, who was denied entry to Big Pine High School in 1923 due to her race. (California educational law then prohibited Native Americans from attending a public school if a government-run Indian school was within three miles.)
